To

The Personal Assistant to
The Second Member of Council
of the Government of H H the Maharaja
of Mysore, B A N G A L O R E

Dear Sir,

With reference to the D O No 125/40-41 dated 6th Nov '40. desiring me to forward a note of the points on which interview is sought of the Second Member, I beg to enumerate the same - herebelow and request you to be kind enough to fix an early date for the interview

Thanking you for an early reply,

Channapatna,
10th November 1940

I remain,
Yours sincerely
R Sreenivasaiah
Advocate

Points on which Interview is Requested -

1 The condition of the Roads in the Town of Channapatna

2 The absence of a proper system of drainage, particularly in the Extension, and the mosquito menace, as a result thereof

3 Inadequate water-supply in certain areas of the Town, namely Kothanahalli and Lower Daira

4 The restoration of the Municipal Council

5 The proposed acquisition of certain municipal sites for the construction of a building for the Taluk office The building in which the latter is at present housed is treated as an Ancient Monument and if it is used for any other purpose, it is - likely to suffer damage

6 The proposed acquisition of lands for Police Buildings

1) DC may be asked to report on these points

2) The interview may be fixed for the 16th and DC informed 14/11 14/11/40

1) In regard to the financial condition of the Channapatna Zamindary, before and after supersession, the DC's report (N V D) explains the facts in full

2) The improvement in the collection of arrears of land revenue is not striking while there is some progress in the collection of current demand. It has yet to pay to Govt loans to the extent of Rs 2,70,000 and several improvement works such as the construction of a slaughter house and latrines etc have yet to be undertaken. But these are held up for want of funds. The present period of supersession would be over on 17.1.42

23) Subs for orders with reference to para 13 supra

for 16/1/41 24) Here period of supersession might perhaps continue till 17.1.42 as has been ordered in person

Re Restoration of the Channapatna Town Tank

File No 13 | - of 194 | General and Revenue Secretariat

Channapatna Mrs representation was not however taken up for discussion some of the muslim members however pressed for its discussion, on the ground that the subject was taken up when they happened to be absent for namaz on a Friday

5-1) Kind reference is invited to the reply given by the Minister for L.S.G.&P.H. at the budget session of the Assembly in July '41 on the same subject to the effect that restoration of this tank can be done only next year, by about the end of Dec.

5-2) In view of the above facts, it is for orders of the Govt whether the D.C. Bangalore District may be called upon in reply to the resolution of the M.L.C. from 17.4.41 especially with regard to its present condition of silt collection of tanks, water spread etc. As the preparation of electoral rolls etc for the time & as a calendar of elections has to be published by about the end of January '42, it is necessary to come to some decision before the end of Dec 1941 so that the D.C. Bangalore may have sufficient time to take necessary action in the matter

5-3) For favour of orders

the Deputy Commissioner and the P.C.S. the Assistant, Channapatna taluk who is in charge of the Municipality has furnished a detailed report on page flagged E and it is seen therefrom that the financial position of the Municipality has been improving under all items of revenue, during the period of Supersession It is reported that the party feelings still continue. Notwithstanding these circumstances the Dy Comr has recommended that the Municipal Council may be restored with effect from 1-7-42 Submitted for orders

Kms 27/6/42 Reference Para 5 & 4 of Note above

(-) Allenson is invited to file No MC 65-33-16

The Chief Grounds on which the Supersession was ordered were -

1 Accumulation of arrears of taxes
2 Inability of the MC Cl to improve the Municipality's financial resources
3. Non-Cooperation or hostility of the public with the MC Cl
4 Consequent default in the repayment of loan instalments etc

Of these 4 grounds, No 1 - viz. - Arrears of taxes, has improved somewhat, though not to the desired extent All the other

Restoration of Chemnapatna Taluk
14(cl. 3

Serial No

3 grounds are almost present in the same degree even now

The position would seem to argue against a restoration, at all events for some time The S of this View

On the other side, the following circumstances may be noted for the restoration

1 The Govt Management has not been able to bring out any Marked improvement in the position, and the Continuance of the suspension or this Power may not Command Conviction

2 The recent reforms seem to have evoked an awakening of Civic Consciousness everywhere in the State All the local Bodies are in fact asking for more powers even beyond the ambit of the Acts

3 The Dewan has announced in his Concluding speech to the R.A. (Dasara Session) that the policy of giving the franchise of non-official Rep to the Councils

Law Department, Bangalore

MI 156-41-4

SIR,

Subject — Proposed interview of the Second Member of Council by Mr R Srinivasaiya, Advocate, re the discussion of affairs relating to Chennapatna Town

-- --

With reference to your letter No L 3791 dated 16-11-1940 re the above subject, I have the honour to forward herewith the required information on the points to be discussed in the proposed interview

1 Re condition of the roads in Chennapatna

Some of the roads in Chennapatna Town are in a fairly good condition and two main roads are tarred ones But, as most of the interior roads are fair weather roads, they are apt to get slushy during the rainy season and dusty during summer The financial resources of the Municipality being very limited, the up-keep of the roads is attended to within the funds available. The total length of the roads maintained by the Municipality exceeds 15 miles The Amildar in charge of the Municipality suggests that as there is a Health Officer at Closepet Rural Reconstruction Centre, it would be better if the town area is brought within the area of observations of the Health Centre and the Municipal staff entrusted to the supervision of the Health Officer for the better and efficient control of sanitation in the Town This may, I think, be done with advantage Unless a liberal outright grant is sanctioned to this Municipality for improvement of roads etc , I think it will not be possible to do any substantial improvement in this direction with the slender resources of the Municipality

2. Re Drainage - It is reported that an effieient system of drainage does not exist at present The Municipality have constructed some portion of the drains in the Town out of their meagre resources, but the comprehensive drainage scheme for the whole Town is not yet taken up An estimate for ready one lakh of rupees has been prepared by the Sanitary Engineering Department and the same has been sent up to Government for sanction, with the necessary plan and connected records with this office No C2 4327/39-40 dated 25th October 1940. As the finances of the - Municipality are very limited, the scheme is proposed to be - completed in 20 stages after expecting a liberal grant of half of the estimated cost of each stage by the beingn Government The Mosquito menace will be greatly minimised after the drainage scheme is worked out

3 Re Water Supply - The installation of a duplicate pumping set in the month of April 1940 out of the grant of Rs 3,500/- - sanctioned by Government from Town Water Supply Grants for 1939-40 has greatly minimised the water scarcity in the Town and the - Amildar reports that the supply is abundant and there are no - complaints from the public It is further seen that besides a special suoply to the parts in the Town, the hours of water supply have been increased since last summer.

4. Restoration of the Municipal- Council -The Municipal Council was first superseded for 2 years from the date of publication of Government Order No L 729-32 Ml 65-33-16 dated 26th July 1935, and the period was continued up to the end of June 1940 (vide Government Order No L 278-280-Ml. 154-36-2 dated 2nd July 1937 and No L 213-8/Ml 8-37-8 dated 7th July 1938) As it was reported that some more time was necessary for improving the financial and other conditions of the Municipality, the period of supersession of the Council has since been extended up to the end of June 1942 in Government Order No L 10491-4/Ml 106-39-5 dated 26th June 1940 The several proposals of the Municipality pending before the Government are yet to take shape and so the restoration of the Council at this stage may retard further improvements. The question of restdration

restoration of the Municipal Council may well be considered after the present period of supersession is over (ie , after 1-7-42)

5 Construction of New Buildings for Taluk Office -

It is reported that no Municipal site is proposed to be acquired for this purpose but the Public Works Department have sent up proposals for building the Taluk Office in the vacant land to the South-West of the High School The Executive Engineer Bangalore Division, who was addressed in the matter writes that an estimate for Rs 49,000/- for the construction of Taluk Office has been submitted to the Superintending Engineer, Mysore Circle, Mysore, with his No 707 dated 5th November 1940 for obtaining the sanction of Government The proposed change will not affect the maintenance of the present Taluk Office building which will continue to be treated as an "Ancient Monument" and taken care of accordingly

6 Acquisition of lands for Police Buildings -

The raised ground to the North of Anne Gowda's Circle has been acquired for the above purpose and the Sub Division Officer, Closepet, reports in his No A1-P R 208/40-41 dated 26th November 1940 that awards have been passed and orders issued on 26th -- November 1940 to the Amildar, Channapatna Taluk to hand over -- possession of the lands to the Public Works Department immediately The Executive Engineer, writes that the construction of the building is taken on hand The building is intended for the combined Police lines and offices at Channapatna

As desired, the enclosure received with your above letter together with the Amildar's report in original is herein enclosed for kind perusal

I have the honour to be,
Sir,
Your most obedient servant,

Deputy Commissioner,
Bangalore District.

BANGALORE

Sir

With reference to your D.O No C2.P.R 203/40-41 dated 18th November 1940, calling for a brief report on each of the points in respect of which Mr.R Sreenivasaiah, Advocate, Channapatna, has sought an interview, with the Second Member of Council, I beg to enclose herein, brief notes on each of the points as instructed. Subjects similar in nature to those had already been discussed at the R A meeting of October 1939

I beg to remain,

Sir,

Your most obedient servant

B Narayanaswamy

Amildar,

23/11

Points on which interview is requested, with brief notes thereon --

(1) The condition of the reads in the Town of Channapatna -- The roads are in a fairly good condition at present Most of the interior roads being fair weather roads they are apt to get ~~xkuxkjxg~~ slushy during rainy season The up keep of the roads is attended to promptly and further improvements are also being done as mundcipal funds permit

Now that there is a Health officer and several of his assistants both at Closepet and Channapatna, the town area may perhaps be brought under the area of observations of the health centre and the Municipal staff entrusted to the control of the Health officer for a better and more efficient control of the saritation of the town

(2) The absence of a proper system of drainage particularly in the extension and the Mosquito menace as a result thereof —

A comprehensive scheme of drainage works for the whole town, has been submitted to Govt. along with the estimate for the consideration of ~~the~~ Govt. When the scheme is taken up for execution, the mosquito menace will be greatly minimised As it is, the extension is healthier than the more congested parts of the ~~whole~~ town There is no efficient system of drainage at present.

(3) Inadequate water supply in certain areas of the town namely Kotnahalli and Lower Daira,--With the generous help of the benign government, a second pumping set, with a 25 H P Motor was installed in April 1940 and following the kind instructions given by the Deputy Commissioner, the Water supply is abundart ir the Town and there are no complaints from the Public Besides special supply to certain parts of the town, the hours of water supply have been increased since April 1940

(4) The restoration of the Municipal Council -- The

The council has been superseded by Government for a further period of two years from Ist July 1940, for improving the financial and other conditions of the Muncipality. The restoration of the Council at this stage, will, it is apprehended obstruct further improvements The several proposals of the Municipality pending before Government are yet to take shape

(5) The proposed acquisition certain municipal sites for the construction of a building for the Taluk office etc,, No Municipal site is proposed to be acquired for the purpose mentioned above It is understood that proposals have been sent up by the Department of Public Works for building the Taluk office in the vacant land to the South west of the High School The upkeep of the present Taluk office building will be maintained as for Rules under ancient Monuments Regulation.

(6) The proposed acquisition of lands for Police Buildings.--

It is ascertained from the Engineering Department that the raised ground to the North of Anne Gowda Circle has already been acquired for the purpose and that contract has also been given for the execution of the work

Secretary,
to the Government of Mysore
Law Department, Bangalore

SIR,

Subject — Affairs of the Chennapatna Town Municipalit

With reference to your letter No L 4569 dated 13-12-1940 calling for the submission of a detailed note on the financial condition of the above Municipality after its supersession up-to-date, I have the honour to enclose herewith the detailed report sent by the Amildar-in-Charge of the Municipality for kind perusal It is seen therefrom that there is some increase in the income of the Municipality since the date of supersession, but, the expenditure also has correspondingly increased due to the payment of increased contributions for maintenance of water works and repayment of loan, besides the increase in Electric Lighting Charges (Vide statement II)

2 The enclosed D C B statement furnishes the details of D C B of Mohatarfa taxes for 5 years prior and after the date of supersession The outstanding arrears on 1-7-1935 was Rs 17,331-3-10 which has been reduced to Rs 16,196- on 1-7-1941 Though there is a slight improvement in collection since supersession, yet the outstanding arrears are still very heavy There is improvement in the collections under octroi and toll after the supersession of the Municipality (Vide statement)

3 The Amildar reports that the present income balances more or less with the expenditure and no surp

is left for effecting improvement works in the Town. The income cannot be enhanced without further taxation for which the citizens are averse hence, proposals are under consideration for the construction of a sheep Slaughter House, Mutton Stalls, beef stalls and a Vegetable market and the levy of Octroi on raw materials for spun silk and on all oils The question of acquisition of waste lands around the Town and of their disposal after formation into building sites is also under consideration

The connected papers are herewith enclosed for kind perusal

I have the honour to be,
Sir,

CHANNAPATNA TOWN MUNICIPAL OFFICE

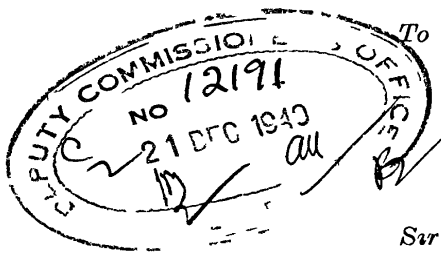
Date 20 12 1940

From

THE AMILDAR

Incharge of the Town Municipality

CHANNAPATNA



To The Deputy Commissioner,
Bangalore District,
Bangalore

Sir

With reference to your memo no C_2 2396/4041 dated 17th December, 1940, calling for information on the financial condition of the Municipality after its supersession up to date, I beg to state as follows -

Rd 31/12

1 The supersession of the Municipal Council came into effect from 1st August, 1935 Since then, the income of the Municipality has improved considerably The average normal income per year after supersession is Rs 31,000/- as against Rs 24,500/- per year for the corresponding period before supersession Statement No I gives the figures of actual income and expenditure yearwise from 1931-32 to end of November 1940 The increase in income after supersession, is due to vigorous action being taken to recover the assessed taxes both arrears and current dues and also due to the levy of Shop

P T O

Tax from 1936-37 and increasing receipts
Toll rates on vehicles and octroi Duty on C
goods

2 Statement no II shows recurring expenditure met by the Municipality after supersession & compares with the figures for the corresponding previous period. The expenditure is under annual maintenance of water works, payment of contributions, repayment of loans, besides appreciable increase under Electric Lighting Charges

3 The annual maintenance charges of water works is an additional item of expenditure since the period of supersession which the Council had not the necessity to meet and the expenditure is not an incumbrable amount having risen from Rs 4500/- in 1936-37 to nearly Rs 7000/- (as per estimate) in 1940 41 while as a saving Rs 2500/- is recovered by ~~the~~ Water cess and rates at present collections per year, the balance of cost under this head has to fall back on other revenues of the Municipality

The installation of the 2nd pumping set and the absence of water metres, has tended to increase the cost under the head

4 Statements nos III, & IV furnish details of amounts spent each year on works of Public utility, since the period of supersession and by way of comparison, the figures for the corresponding previous years are also given Statement no V furnishes details of collections made in respect of assessed taxes yearwise from 1931-32 up to date and the action taken to recover the outstanding balance

5 At the time of supersession, the arrears under assessed taxes amounted to Rs 22,000/ and the amount has been reduced to Rs 12,000/- As shown in the Statement a sum of Rs 3,500/- out of the above figure, is involved in legal proceedings, records have been submitted in respect of the sum of Rs 2,500/- re-commending remission A further sum of Rs 4000/- has also been found irrecoverable and records in respect of the amount

are in progress. For the balance of ~~the~~ sum still left, accounts are being checked & filing suits as individual amount involved are heavy

6 The average normal income

A Income (Average per year) expenditure - per year under

		Rs
1	Rates & taxes	12,000/-
2	Octroi	8,000/
3	Toll	7,000/-
4	Miscellaneous	4,000/
	Total	31,000/-

NB Government Grants are not included in this figure

B Expenditure (Average)

		Rs
1	General Establishment	6,000/-
2	Sanitary "	6,000/-
3	Electric Charges	5,000/-
4	Annual Water Works Charges	6,000/-
5	Contributions to Other Departments	3,600/-
6	Loan Repayment	2,000/-
7	Public Works	1200/-
8	Miscellaneous	1200/-
	Total	Rs 31,000/-

all major ~~all heads~~ heads, as at present, are shown in the margin Though the income of the Municipality has increased since the time of supersession, there is a corresponding increase in expenditure as detailed in the statement None of the items of expenditure can be reduced if the Municipality has to run on efficient lines and without decrease of the amenities already provided More money is being spent each year for water supply public which and increase in the Municipal amenities of street - lighting

and water supply, has led to a corresponding increase in the maintenance charges under these heads. Further the contributions due to other departments and loan are being paid as promptly as the demand arises. It will thus be seen that unless ways and means are found out for improving the resources of the Municipality, a larger amount will not be available for expenditure on Public works. There is strong opposition from the Public for the imposition of any fresh direct taxation and consequently the agitation for reduction of existing taxes and rates as being too heavy. A burden to bear the tax per capita is a little over Rs. 2/-. Lately, the business in Kas Ganj has been on the decrease in view of the growing importance of Mandya as the Head Quarters of a district and as a natural consequence the business centre has shifted to the latter place.

7. In order to augment the revenues of the Municipality, it has been proposed to take up some capital

with such a [illegible] to
[illegible] slaughter house, [illegible] stalls [illegible]
[illegible] and a vegetable Market. It is
also proposed to levy, I understand, a
Duty, on all cattle and sheep sold
and [illegible] upon which a [illegible]
the assessment of [illegible] work erected [illegible] round
about the Town and their disposal &
building, which is also under consideration
the [illegible] assistance of Government is
necessary, for [illegible] up [illegible] which are expected to yield a good
income to the Municipality.

The appeal to be [illegible] by the Municipal Finance may
be further improved, so that [illegible] working
classes from the public by the levy of
direct taxation [illegible] by means of
Octroi or Tolls

I beg to remain,
Sir,
Your most Obedient servant

GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE

General and Revenue Secretariat,

No L 3175

Dated Bangalore, 24 October 1941

FROM

The Secretary to the Government of His Highness the Maharaja of Mysore,
Law Department.

To

The Deputy Commissioner,
Bangalore District

Sir,

With reference to the correspondence ending with your letter No C2-2396/40-41 dated 9th January 1941 regarding the affairs of the Chennapatna Town Municipality, I am directed to state that the present term of supersession of this Municipal Council expires on 30th June 1942 and that representations have been made to Government for its restoration both at the Representative Assembly Sessions of June and October 1941 This question has to be decided well in time so that necessary action may be taken to constitute the Municipal Council from 1st July 1942. I am accordingly to request you to forward your opinion in the matter to Government, especially with reference to its present condition in respect of collection of taxes, the financial position, execution of improvement works and local party feelings at the place etc., before the end of November 1941.

The matter may be kindly treated as very urgent

I have the honor to be,
Sir,
Your most obedient servant.

GOVT OF MYSORE

To

H V Narayana Rao, Esq , B A., LL B ,
Secretary to Government,
Law Department,
Bangalore

Sir,

Subject – Supersession of Channapatna Town Municipality forwards report for the termination of the

With reference to your letter No L 3175 dated 29-10-1941 on the above subject, I have the honour to state as follows

The Town Municipality of Channapatna is under supersession since the year 1935-36

2 The enclosed D C B statement of Mohatarfa shows that the arrears at the beginning of the year 1935-36 were Rs 19,315/- which are reduced to Rs 14,770/- at the end of November 1941 Out of the remaining arrears, a sum of Rs 4,852/- relates to the years prior to 1938-39

3 Regarding the financial position of the Municipality, it is observed that there has been an increase under all items of revenue, especially under house-tax and octroi, during the period of supersession There has been a corresponding increase under expenditure also as could be seen from the detailed report of the Amildar, enclosed herewith The financial position of the Municipality cannot be said to be satisfactory on the whole

4 Regarding the Improvement works, sufficient progress could not be shown for want of funds Only small works such as improvement of roads, construction of minor drains and repair works were taken up during the period Several Improvement works such as theconstruction of a bus

Stand, Slaughter House, Water Supply Scheme etc , are yet awaiting for want of funds

5 As regards Local Politics, I believe that the party feelings continue The factious spirit is still there But, I think that notwithstanding these circumstances, the Municipal Council may be restored with effect from 1-7-1942

6 The connected records accompany for favour of reference

I have the honour to be,
